Ras Al Khaimah National Insurance Company P.S.C.

Directors' report for the Three-month period ended 31 March 2024

The Board of Directors has pleasure in submitting their report and the condensed interim financial information as at 31 March 2024 and for the three-month period (the "Period") ended 31 March 2024 which have been reviewed by the external auditors.

Incorporation and registered office

Ras Al Khaimah National Insurance Company P.S.C. ("RAK Insurance" or the "Company") was incorporated under an Emiri Decree Number 20/76 issued by HH Ruler of Ras Al Khaimah. The address of the registered office is RAK Insurance Head Office, 6th Floor RAK Bank ROC Office, Al Riffa, Ras Al Khaimah, United Arab Emirates.

Financial position and results

RAK Insurance teams continuously compare their performance and level of reporting to the wider market to ensure best practices are adopted.

RAK Insurance earned a net profit after tax of AED 3.4 million for the three-month period ended 31 March 2024 as compared to a net loss of AED 4.3 million for the three-month period ended 31 March 2023 (the "Previous Period"). This net profit after tax of AED 3.4 million resulted in the Company's equity increasing from AED 160 million as at 31 December 2023 to AED 163 million as at 31 March 2024.

Basic earnings per share is AED 0.03 for the three-month period ended 31 March 2024 as compared to a loss per share of AED 0.04 in the previous period on a capital base of AED 121 million.

On behalf of the Board of Directors of RAK Insurance, I would like to thank all who are working hard in the turnaround journey of the Company. Our sincere appreciation to the executive management and staff for their dedication, commitment, and constant hard work. The Directors would also like to acknowledge our reinsurance partners, customers and all the stakeholders of the Company.

Yours faithfully,

Sheikh Omar Bin Saqr Bin Khalid Al Qasimi
Chairman

25 April 2024

Review Report of the Independent Auditor To the Shareholders of Ras Al Khaimah National Insurance Company P.S.C.

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Ras Al Khaimah National Insurance Company P.S.C. (the “Company”) as at 31 March 2024 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim statement of cash flows for the three-month period then ended, and other related explanatory notes. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

Ras Al Khaimah National Insurance Company P.S.C. Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information For the period ended 31 March 2024

1 Legal status and activities

Ras Al Khaimah National Insurance Company P.S.C. (the “Company”) is a public joint-stock company, established and incorporated in the Emirate of Ras Al Khaimah by Emiri decree No. 20/76 dated 26 October 1976. The Company is subject to the regulations of the U.A.E. Federal Law No. (48) of 2023 (previously Federal Law No. 6 of 2007, as amended), concerning Financial Regulations of Insurance Companies issued by the Central Bank of UAE and regulation of its operations and is registered in the Insurance Companies Register of the Central Bank of the UAE, under registration number 7.

This condensed interim financial information has been prepared in accordance with the requirements of the applicable laws and regulations, including UAE Federal Law No. (32) of 2021.

In 2023, Federal Law No. 48 of 2023 has been issued with effective date of 30 November 2023, repealing Federal Law No. 6 of 2007. In accordance with Article 112 of the Federal Law No. 48 of 2023, the Company has 6 months from this date to apply the provisions of the new Law.

The Company is a subsidiary of National Bank of Ras Al Khaimah P.S.C. (the “Parent company”) which is incorporated in the Emirate of Ras Al Khaimah, United Arab Emirates. The address of the Company’s registered head office is P. O. Box 506, Ras Al Khaimah, United Arab Emirates. The Company’s ordinary shares are listed on the Abu Dhabi Securities Exchange, United Arab Emirates. The principal activity of the Company is to undertake all classes of insurance business including life assurance, saving and accumulation of funds. The Company operates through its head office in Ras Al Khaimah and branch offices in Ras Al Khaimah, Dubai, and Abu Dhabi.

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree Law No. 47 of 2022 on the Taxation of Corporations and Businesses (the Law) to enact a Federal Corporate Tax (CT) regime in the UAE. The CT regime became effective for accounting periods beginning on or after 1 June 2023. The Cabinet of Ministers Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000.

2 Basis of preparation

This condensed interim financial information is for the three-month period ended 31 March 2024 and is presented in United Arab Emirate Dirham (AED), which is also the functional currency of the Company. This condensed interim financial information has been prepared in accordance with IAS 34 ‘Interim Financial Reporting’ and complies with the applicable requirements of the laws in the U.A.E.

This condensed interim financial information has been prepared on the historical cost basis, except for financial assets carried at fair value through other comprehensive income and financial assets carried at fair value through profit and loss which are carried at fair value and the provision for employees’ end of service indemnity which is calculated in line with UAE labour laws.

The Company’s condensed interim statement of financial position is not presented using a current / non-current classification. However, the following balances would generally be classified as current: cash and cash equivalents, financial assets at fair value through profit and loss, other receivables and other payables. The following balances would generally be classified as non-current: property and equipment, intangible assets, statutory deposit and provision for employees’ end of service indemnity. The following balances are of mixed nature (including both current and non-current portions): financial assets at fair value through other comprehensive income, reinsurance contract assets, insurance contract liabilities, reinsurance contract liabilities, bank balances, income tax payable, deferred tax asset, deposits and bank borrowings.

This condensed interim financial information does not include all of the information required in annual financial statements in accordance with IFRS and should be read in conjunction with the financial statements of the Company for the year ended 31 December 2023. Further, results for interim periods are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2024.

Ras Al Khaimah National Insurance Company P.S.C.
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 31 March 2024

3 Material accounting policy information

The accounting policies, critical accounting judgments and key source of estimation used in the preparation of this condensed interim financial information are consistent with those used in the audited financial statements for the year ended 31 December 2023, except for application of new standards effective as of 1 January 2024 and several amendments and interpretations apply for the first time in 2024.

Application of new and revised International Financial Reporting Standards (“IFRS”)

The following relevant standards, interpretations and amendments to existing standards were issued by the IASB:

Standard number	Title	Effective date
IAS 1	Amendment to IAS 1 – Non-current liabilities with covenants and classification of liabilities as current or non-current	1 January 2024
IAS 7	Amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures—Supplier Finance Arrangements	1 January 2024
IFRS 16	Amendment to IFRS 16 – Leases on sale and leaseback	1 January 2024

These standards have been adopted by the Company and did not have a material impact on this financial information.

The Company has not early adopted any standard, interpretation or amendment that has been issued but not yet effective.

Property and equipment

Land and buildings are recognised at historical cost, less subsequent depreciation and impairment if any for buildings only. All other property and equipment are carried at historical cost less accumulated depreciation and any identified impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the income statement during the reporting period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate the cost or revalued amounts of the assets, net of their residual values, over their estimated useful lives as follows:

	Years
Furniture and fixtures	4
Office equipment	4
Motor vehicles	4
Computer equipment	4

The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis. The gain or loss arising on the disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss. An asset’s carrying amount is written down immediately to its recoverable amount if the asset’s carrying amount is greater than its estimated recoverable amount.

Ras Al Khaimah National Insurance Company P.S.C.
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 31 March 2024

3 Material accounting policy information (continued)

Intangible assets

Intangible assets comprise computer software and are reported at cost less accumulated amortisation and identified impairment losses, if any. Amortisation is charged on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. The useful lives considered in the calculation of amortisation is 10 years.

Financial assets

Classification and measurement - Financial assets

All financial assets are recognised and derecognised on a settlement date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss (FVTPL). Transaction costs directly attributable to the acquisition of financial assets classified as at FVTPL are recognised immediately in profit or loss.

All recognised financial assets that are within the scope of IFRS 9 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Specifically:

- (i) debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI), are subsequently measured at amortised cost;
- (ii) debt instruments that are held within a business model whose objective is both to collect the contractual cash flows and to sell the debt instruments, and that have contractual cash flows that are SPPI, are subsequently measured at fair value through other comprehensive income (FVTOCI);
- (iii) all other debt instruments (e.g. debt instruments managed on a fair value basis, or held for sale) and equity investments are subsequently measured at FVTPL. However, the Company may make the following irrevocable election/designation at initial recognition of a financial asset on an asset-by-asset basis:
 - a. the Company may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which IFRS 3 applies, in other comprehensive income (OCI); and
 - b. the Company may irrevocably designate a debt instrument that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch (referred to as the fair value option).

Equity instruments at FVTOCI

Investments in equity instruments/funds at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the cumulative changes in fair value of securities. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the investments in equity instruments/funds but reclassified to retained earnings. The Company has designated all investments in equity instruments that are not held for trading as FVTOCI.

Dividends on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

Ras Al Khaimah National Insurance Company P.S.C.
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 31 March 2024

3 Material accounting policy information (continued)

Financial assets (continued)

Debt instruments at amortised cost or at FVTOCI

When a debt instrument measured at FVTOCI is derecognised, the cumulative gain/loss previously recognised in OCI is reclassified from equity to profit or loss.

Debt instruments that are subsequently measured at amortised cost or at FVTOCI are subject to impairment.

Financial assets at FVTPL

Financial assets at FVTPL are:

- (i) assets with contractual cash flows that are not SPPI; or/and
- (ii) assets that are held in a business model other than held to collect contractual cash flows or held to collect and sell; or
- (iii) assets designated at FVTPL using the fair value option.

These assets are measured at fair value, with any gains/losses arising on remeasurement recognised in profit or loss.

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowings for the proceeds received.

Taxation

Current

Provision of current tax is based on the taxable income for the period determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the period.

Income tax expense is recognised in interim period based on the best estimate of the weighted average annual income tax rate expected for the full financial year/period. Amounts accrued for income tax expense in interim period may have to be adjusted in a subsequent interim period of that financial year/period if the estimate of the annual income tax rate changes.

Deferred taxation

Deferred tax is accounted for in respect of all temporary differences at the balance sheet date between the tax bases and carrying amounts of assets and liabilities for financial reporting purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Deferred tax is charged or credited to the condensed interim income statement, except in the case of items credited or charged to condensed interim other comprehensive income or equity in which case it is included in condensed interim other comprehensive income or equity.

Judgements and estimates

The preparation of this condensed interim financial information requires management to make judgements, estimates and assumptions that effect the application of accounting policies and the reported amounts of assets and liabilities, income, and expense. Actual results may differ from these estimates.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period.

Measurement of the expected credit loss (“ECL”) allowance

The measurement of ECL is a significant estimate that involves determination of methodology, models and data inputs. The following components have a major impact on the credit loss allowance for debt instruments carried at amortised cost, FVTOCI investments, bank balances and fixed deposits: definition of default, significant increase in credit risk, probability of default (“PD”), exposure at default (“EAD”), and loss given default (“LGD”) and the historical loss experience per ageing bucket has the major impact on the credit loss allowance for Insurance and other receivables. The Company regularly reviews and validates the models and inputs to the models to reduce any differences between expected credit loss estimates and actual credit loss experience.

Insurance and reinsurance contracts

The Company applies the PAA to simplify the measurement of insurance contracts. When measuring liabilities for incurred claims, the Company discounts cash flows that are expected to occur more than one year after the date on which the claims are incurred and includes an explicit risk adjustment for non-financial risk.

Liability for remaining coverage

For insurance acquisition cash flows, the Company is eligible and chooses to capitalise all insurance acquisition cashflows upon payments.

The Company includes insurance acquisition cash flows in the measurement of a group of insurance contracts if they are directly attributable to either the individual contracts in a group, the group itself or the portfolio of insurance contracts to which the group belongs. The Company estimates, at a portfolio level, insurance acquisition cash flows not directly attributable to the group but directly attributable to the portfolio. The Company then allocates them to the group of newly written and renewed contracts on a systematic and rational basis..

Liability for incurred claims

The ultimate cost of claims is estimated by using a range of standard actuarial claims projection techniques, such as Chain Ladder and Bornheutter-Ferguson methods.

The main assumption underlying these techniques is that a Company’s past claims development experience can be used to project future claims development and hence ultimate claims costs. These methods extrapolate the development of paid and incurred losses, average costs per claim (including claims handling costs), and claim numbers based on the observed development of earlier years and expected loss ratios. Historical claims development is mainly analysed by accident years, but can also be further analysed by geographical area, as well as by significant business lines and claim types. Large claims are usually separately addressed, either by being reserved at the face value of loss adjuster estimates or separately projected in order to reflect their future development. In most cases, no explicit assumptions are made regarding future rates of claims inflation or loss ratios. Instead, the assumptions used are those implicit in the historical claims development data on which the projections are based. Additional qualitative judgement is used to assess the extent to which past trends may not apply in future, (e.g., to reflect one-off occurrences, changes in external or market factors such as public attitudes to claiming, economic conditions, levels of claims inflation, judicial decisions and legislation, as well as internal factors such as portfolio mix, policy features and claims handling procedures) in order to arrive at the estimated ultimate cost of claims that present the

3 Material accounting policy information (continued)

Judgements and estimates (continued)

Liability for incurred claims (continued)

probability weighted expected value outcome from the range of possible outcomes, taking account of all the uncertainties involved.

Other key circumstances affecting the reliability of assumptions include variation in interest rates, delays in settlement and changes in foreign currency exchange rates.

Discount rates

The Company use bottom-up approach to derive the discount rate. Under this approach, the discount rate is determined as the risk-free yield, adjusted for differences in liquidity characteristics between the financial assets used to derive the risk-free yield and the relevant liability cash flows (known as an ‘illiquidity premium’). The risk free rates are derived from US treasury yield curve. Country risk premium and illiquidity premium is added to these rates to derive the discount rate. Management uses judgment to assess liquidity characteristics of the liability cash flows.

Discount rates applied for discounting of future cash flows are listed below:

	1 year		3 years		5 years		10 years		20 years	
	2024	2023	2024	2023	2024	2023	2024	2023	2024	2023
Insurance contracts issued										
AED	5.23%	5.17%	4.66%	4.42%	4.53%	4.26%	4.11%	4.33%	2.03%	4.35%
Reinsurance contracts held										
AED	5.23%	5.17%	4.66%	4.42%	4.53%	4.26%	4.11%	4.33%	2.03%	4.35%

Risk adjustment for non-financial risk

The Company use Mack method or bootstrapping to determine its risk adjustment for non-financial risk. The bootstrap effectively allows the Company to measure the uncertainty about the amount and timing of the cash flows that arise from non-financial risk since bootstrapping the triangles aims to illustrate the variability of the paid claims.

The risk adjustment for non-financial risk is the compensation that the Company requires for bearing the uncertainty about the amount and timing of the cash flows of groups of insurance contracts. The risk adjustment reflects an amount that an insurer would rationally pay to remove the uncertainty that future cash flows will exceed the expected value amount.

The Company has estimated the risk adjustment using a confidence level (probability of sufficiency) approach at the 80th percentile. That is, the Company has assessed its indifference to uncertainty for all product lines (as an indication of the compensation that it requires for bearing non-financial risk) as being equivalent to the 80th percentile confidence level less the mean of an estimated probability distribution of the future cash flows. The Company has estimated the probability distribution of the future cash flows, and the additional amount above the expected present value of future cash flows required to meet the target percentiles.

Insurance and financial risk management

The Company’s insurance and financial risk management objectives and policies are consistent with those disclosed in the audited financial statements as at and for the year ended 31 December 2023. There have been no changes in any risk management policies since the year end.

The accounting policies in respect of property and equipment, intangible assets and financial assets have been disclosed in this condensed interim financial information as required by Securities and Commodities Authority (“SCA”) notification dated 12 October 2008.

Ras Al Khaimah National Insurance Company P.S.C.
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 31 March 2024

4 Property and equipment

All property and equipment are located in the United Arab Emirates.

During the three-month period ended 31 March 2024, the Company has not purchased (during the year ended 31 December 2023: AED 142,475) any equipment. Net book value of disposal (during the year ended 31 December 2023: Nil) and net book value of write-offs are Nil (during the year ended 31 December 2023: AED 219,872) during the three-month period ended 31 March 2024.

5 Intangible assets

Intangible assets include computer software.

During the three-month period ended 31 March 2024, the Company recorded additions of AED 364,075 (during the year ended 31 December 2023: AED 646,355) to its computer software.

The amortisation charge for the three-month period ended 31 March 2024 amounted to AED 385,478 (for the year ended 31 December 2023: AED 1,514,318) and no write-offs during three-month period ended 31 March 2024 (during the year ended 31 December 2023 net written off: AED 304,465).

6 Financial assets

The Company's financial investments at the end of reporting period are detailed below:

	(Unaudited)	(Audited)
	31 March	31 December
	2024	2023
	AED	AED
Investments at FVTOCI		
Quoted debt	145,390,460	131,536,348
Quoted equity securities	3,421,018	3,835,742
Allowance for impairment	(214,135)	(188,019)
	148,597,343	135,184,071

FVTOCI investments comprise of quoted equity and debt instruments within the G.C.C. region except one investment valued at AED 8.8 million as at 31 March 2024 (31 December 2023: AED 8.7 million) which is an investment outside the G.C.C. region. The Company has designated all investments in equity instruments that are not held for trading as FVTOCI. Debt instruments carry an interest rate ranging from 1.75% to 7.75% per annum (31 December 2023: 1.75% to 6.75%) and they are redeemable at par from 2024 to 2035 (31 December 2023: 2024 to 2033) based on their maturity dates. There are no significant concentrations of credit risk for debt instruments and the carrying amount reflected above represents the Company's maximum exposure to credit risk for such assets.

The movement in the financial investments is as follows:

	FVTOCI	FVTOCI	Total
	debt	equity	Total
	AED	AED	AED
Balance at 31 December 2023 (Audited)	131,348,329	3,835,742	135,184,071

Balance at the end of the period/year	-	-

Details of provision for impairment were as follows:

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Balance at the beginning of the year	188,019	143,604
Provision for/(reversal of) impairment during the period/year	26,116	44,415
Balance at the end of the period/year	214,135	188,019

There were no reclassifications between financial investment categories during 2024 and 2023.

All the investments in scope of the impairment model are in stage 1.

7 Statutory deposit

A deposit of AED 10 million (31 December 2023: AED 10 million) has been placed with one of the banks, in accordance with Article (42) of the UAE Federal Law No. (48) of 2023 (previously Federal Law No. 6 of 2007, as amended). This deposit has been pledged to the bank as security against a guarantee issued by the Bank in favour of the Central Bank of the United Arab Emirates (“CBUAE”) for the same amount. This deposit cannot be withdrawn without prior approval of the CBUAE and bears an interest rate of 5.15% per annum (31 December 2023: 5.15% per annum).

9 Other receivables

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Accrual of interest and other income	2,128,604	1,063,049
Advances and prepayments	3,057,880	2,765,561
Other receivables	16,046,880	5,641,678
	<u>21,233,364</u>	<u>9,470,288</u>
Allowance for impairment	(4,944,707)	(4,944,733)
	<u>16,288,657</u>	<u>4,525,555</u>

Other receivables mainly pertain to an amount of AED 3.9 million (31 December 2023: AED 3.9 million) for the exposure to a Lebanese bank that does not meet the recognition and classification requirements of bank balances and fixed deposits (Note 11).

Movement in the allowance for impairment was as follows:

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Balance at the beginning of the year	4,944,733	2,751,057
(Reversal) / provision for impairment during the period / year	(26)	2,193,676
Balance at the end of the period / year	<u>4,944,707</u>	<u>4,944,733</u>

10 Cash and cash equivalents

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Cash in hand	23,823	23,186
Current accounts with banks	86,974,697	28,482,204
	<u>86,998,520</u>	<u>28,505,390</u>

11 Deposits

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Fixed deposits with original maturities greater than three months	235,788,875	243,474,313
Fixed deposits under lien	600,000	600,000
Allowance for impairment	(132,037)	(122,537)
Total fixed deposits	<u>236,256,838</u>	<u>243,951,776</u>

Certain fixed deposits with carrying amount of AED 600,000 as at 31 March 2024 (31 December 2023: AED 600,000) are under lien against letters of guarantee amounting to AED 550,000 (31 December 2023: AED 550,000). The interest rates on fixed deposits with banks range between 3.25% to 5.65% per annum (31 December 2023: 3.25% to 5.65% per annum). All fixed deposits are held in local banks in the United Arab Emirates.

Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 31 March 2024

11 Deposits (continued)

As of 31 March 2024, fixed deposits with original maturities greater than three months disclosed on the previous page include deposits amounting to AED 93,299,872 (31 December 2023: AED 61,989,754) which are pledged against bank borrowings (Note 16). Details of allowance for impairment as per IFRS 9 were as follows:

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Balance at the beginning of the year	122,537	138,000
Provision /(reversal) for impairment during the period / year	9,500	(15,463)
Balance at the end of the period / year	132,037	122,537

All the bank balances and fixed deposits in the scope of the impairment model are in stage 1 and there have been no movements between the stages during the period / year.

12 Share capital

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Authorised, issued and fully paid: 121.275 million ordinary shares of AED 1 each	121,275,000	121,275,000

(31 December 2023: 121.275 million ordinary shares of AED 1 each)

13 Basic and diluted profit / (loss) per share

	Three-month period ended 31 March (Unaudited)	
	2024	2023
Profit/(loss) after tax for the period (in AED)	3,394,749	(4,281,999)
Number of shares	121,275,000	121,275,000
Basic and diluted profit/(loss) per share (in AED)	0.03	(0.04)

Basic profit /(loss) per share is calculated by dividing the profit /(loss) after tax for the period by the number of weighted average shares outstanding during the reporting period. Diluted profit /(loss) per share is equivalent to basic profit /(loss) per share as the Company did not issue any new instrument that would impact profit /(loss) per share when executed.

21 Segment information

The Company is organised into two segments: Life and Medical as one segment and Motor and General as the other segment.

These segments are the basis on which the Company reports its primary segment information to the Chief Executive Officer. Insurance revenue represent the total income arising from insurance contracts. The Company does not conduct any business outside the UAE. There are no transactions between the business segments.

The following is an analysis of the Company's condensed interim income statement classified by major segments:

	For the three-month period ended 31 March 2024 (Unaudited)		
	Life and Medical AED	Motor and General AED	Total AED
Insurance revenue	73,632,116	48,517,178	122,149,294
Insurance service expenses	<u>(63,256,381)</u>	<u>(39,456,093)</u>	<u>(102,712,474)</u>
Insurance service result before reinsurance contracts held	10,375,735	9,061,085	19,436,820
Allocation of reinsurance premiums	(29,647,082)	(25,526,367)	(55,173,449)
Amounts recoverable from reinsurance	<u>26,583,088</u>	<u>12,112,493</u>	<u>38,695,581</u>
Net expenses from reinsurance contracts held	(3,063,994)	(13,413,874)	(16,477,868)
Investment income	<u>1,178,719</u>	<u>2,505,048</u>	<u>3,683,767</u>
Finance expenses from insurance contracts issued	(917,915)	(1,732,220)	(2,650,135)

22 Related party balances and transactions

The Company, in the normal course of business, collects premiums, settles claims and enters into transactions with other business enterprises that fall within the definition of a related party. Related parties include the Company's major shareholders, directors and businesses controlled by them and their families over which they exercise significant management influence as well as key management personnel. The Company's management believes that the terms of such transactions are not significantly different from those that could have been obtained from third parties.

At the end of the reporting period/year, amounts due from/to related parties were as follows:

	(Unaudited)	(Audited)
	31 March	31 December
	2024	2023
	AED	AED
Due from parent company (insurance contract liabilities)	11,471,554	18,640,376
Due from Directors (insurance contract liabilities)	747	1,093
Due from other related parties under common control (insurance contract liabilities)	20,509,534	10,160,171
Total due from related parties	31,981,835	28,801,640
Due to Parent company (other payables)	(7,899,686)	(4,113,407)
Total due to related parties	(7,899,686)	(4,113,407)
	(Unaudited)	(Audited)
	31 March	31 December
	2024	2023
	AED	AED
Fixed deposits placed with Parent company	110,547,053	119,797,824
Bank balances placed with Parent company	46,617,267	17,505,602
Bank borrowing from Parent company	(30,000,000)	-

Balances due from and due to related parties are interest free and repayable on demand.

Notes to the condensed interim financial information
For the period ended 31 March 2024

22 Related party balances and transactions (continued)

During the period, the Company entered the following transactions with related parties:

	Three month period ended 31 March (Unaudited)	
	2024	2023
	AED	AED
Insurance revenue (Parent company)	30,563,599	23,486,257
Insurance revenue (Directors)	33,849	1,061
Insurance revenue (other related parties)	16,490,245	8,259,368
Insurance service expenses (Parent company)	(18,738,396)	(18,695,465)
Insurance service expenses (Directors)	90,658	(12,362)
Insurance service expenses (other related parties)	(11,205,748)	(1,058,401)
Other expenses (Parent company)	(786,078)	(52,250)
Interest income (Parent company)	1,334,603	1,202,573

During the three-month period ended 31 March 2024, the Company has purchased financial assets at AED 16.7 million (31 December 2023: AED 22.7 million) and no selling of financial assets (31 December 2023: 1.9 million) through the Parent company / from external parties.

Key management personnel compensation

	Three month period ended 31 March (Unaudited)	
	2024	2023
	AED	AED
Board of Directors' remuneration and other expenses	678,360	-
Short-term benefits	1,561,833	1,550,620
Long-term benefits	76,678	37,219
	2,316,871	1,587,839

23 Contingent liabilities

	(Unaudited)	(Audited)
	31 March	31 December
	2024	2023
	AED	AED
Letters of guarantee	10,605,000	10,567,410

Letters of guarantee includes AED 10 million (31 December 2023: AED 10 million) issued in favour of the CBUAE (formerly, the UAE Insurance Authority). The above guarantees were issued in the normal course of business. The Company, in common with the significant majority of insurers, is subject to litigation in the normal course of its business. The Company, based on independent legal advice, does not expect that the outcome of these court cases will have a material impact on the Company's financial performance or financial position.

24 Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value of financial instruments carried at amortised cost

Management considers that the carrying amounts of financial assets and financial liabilities recognised at amortised cost in the condensed interim financial information approximate their fair values except for financial investments measured at fair value through other comprehensive income of which fair value is determined based on the quoted market prices and disclosed in Note 6 of this condensed interim financial information.

Fair value of financial instruments carried at fair value

Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of assets are determined using similar valuation techniques and assumptions as used in the audited annual financial statements for the year ended 31 December 2023.

Financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

The following table provides an analysis of financial and non-financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 the fair value of financial instruments traded in an active market is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the company is the current bid price. These instruments are included in Level 1.
- Level 2 the fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are unobservable, the instrument is included in Level 2.
- Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Some of the Company's financial assets are measured at fair value at the end of the reporting period. The following table gives information about how the fair values of these financial assets are determined:

Financial assets	Fair value as at		Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable input	Relationship of unobservable inputs to fair value
	31 March 2024 (Unaudited) AED	31 December 2023 (Audited) AED				
FVTOCI:						
Debt securities	145,176,325	131,348,329	Level 1	Quoted bid prices in an active market	None	N/A
Quoted equity securities	3,421,018	3,835,742	Level 1	Quoted bid prices in an active market	None	N/A

There were no transfers between levels during the period. There are no financial liabilities which should be measured at fair value and accordingly no disclosure is made in the above table.

25 Capital risk management

The solvency regulations identify the required Solvency Margin to be held in addition to insurance liabilities. The Solvency Margin (presented in the table below) must be maintained at all times throughout the period. The Company is subject to solvency regulations which it has complied with during the year. The Company has incorporated in its policies and procedures the necessary tests to ensure continuous and full compliance with such regulations. The table below summarises the Minimum Capital Requirement, Minimum Guarantee Fund and Solvency Capital Requirement of the Company and the total capital held to meet these required Solvency Margins.

	(Unaudited) 31 March 2024 AED	(Audited) 31 December 2023 AED
Minimum Capital Requirement (MCR)	100,000,000	100,000,000
Solvency Capital Requirement (SCR)	93,693,663	68,817,200
Minimum Guarantee Fund (MGF)	69,822,103	69,303,442
Basic Own Funds	140,358,587	139,201,083
MCR Solvency Margin - Minimum Capital Requirement surplus	40,358,587	39,201,083
SCR Solvency Margin - Solvency Capital Requirement surplus	46,664,923	70,383,882
MGF Solvency Margin – Minimum Guarantee Fund surplus	<u>70,536,484</u>	<u>69,897,640</u>

26 Approval of the condensed interim financial information

The condensed interim financial information was approved by the Board of Directors and authorised for issue on 25 April 2024.

27 Comparatives

Certain prior period amounts have been regrouped to conform to current period's presentation. Such regrouping did not affect previously reported profit for the period or equity.
